Patient Acknowledgement Form:
COVID-19 Pandemic Emergency Dental Risk

Please read the patient acknowledgement below, and initial or sign in all areas indicated.

I understand the novel coronavirus causes the disease known as COVID-19 and that it is currently a pandemic. I understand the novel coronavirus virus has a long incubation period during which carriers of the virus ***may not show symptoms and still be contagious.*** For this reason, it is recommended to stay home and avoid close contact with other people when at all possible.	*(Initials)*
I understand the federal and provincial governments have asked individuals to maintain social distancing of a least 2 metres (6 feet) and I recognize it is ***not possible to maintain this distance while receiving dental treatment.***	*(Initials)*
I understand that it is possible that oral surgery/dental procedures can create water and/or blood spray, which may be one way that the novel coronavirus can spread. The ultra-fine nature of the spray can linger in the air for minutes to sometimes hours, which can transmit the novel coronavirus.	*(Initials)*
I understand that due to the visits of other patients, the characteristics of the novel coronavirus, and the characteristics of dental procedures, ***that I have an elevated risk of contracting AND SPREADING the novel coronavirus simply by being in the dental office.***	*(Initials)*
I confirm that I do NOT have any TWO OR MORE or the following symptoms of COVID-19: fever, new or worsening cough, sore throat, runny nose or headache.	*(Initials)*
I confirm that I have not tested positive for COVID-19.	*(Initials)*
I confirm that I am not waiting for the results of a test for COVID-19.	*(Initials)*
I confirm that this is not currently a period where I'm required to self-isolate for 14 days.	*(Initials)*
I verify the information I have provided on this form is truthful and accurate. I knowingly and willingly consent to have dental treatment completed during the COVID-19 pandemic.	*(Initials)*
